Touch...The Sky

ExDali

High design and functionality

The ExDali model was developed both for indoor or outdoor use to work as stand up kiosk.

This model can be manufactured in stainless steel or painted steel (available in all RAL colors) using steel plate of 1,5mm to 2,5mm which ensures the stability and rigidity of the all structure.

This ExDali model is normally equipped with a tactile monitor and can be delivered with a anti vandalism keyboard with trackball, card reader, webcam, coin acceptor, tickets printer, handset phone and other peripherals.This model can be equipped with a anti vandalic monitor.

The area where the computer is installed and possible peripherals (card readers, coin acceptors, etc.), is protected with access through a security lock and includes three power plugs.

The ExDali Model is normally equipped with a 17" touch display (other sizes are also possible).

On the side of the monitor are two speakers and the kiosk has 2 independent systems of ventilation, one for the monitor and other for the PC.

They are equipped with high-performance computer, with any range of CPU, 160 GB hdd or higher, 2 GB RAM, 10/100 Mb network card and any operating system (Windows, Linux, etc.), but is usually equipped Windows 7 Home or Professional Edition.
