# Spin

## Robust design for outdoor

**Technical Specifications**
**Spin Kiosk**

Dimensions: H1700 x W600 x D200
Weight: aprox. 70 Kg.

The Spin model was designed specially for outdoor applicattions.

This model can be manufactured in stainless steel or painted steel (available in all RAL colors) using steel plate of 1,5mm to 2,5mm which ensures the stability and rigidity of the all structure.

This Kiosk is designed specialy for information and/or multimedia advertising purposes.

The area where computer is installed and possible peripherals (card readers, coin acceptors, etc.), is protected with access through a security lock and includes a base with three power plugs.

One of the main characteristics of these kiosks is its design that allows integrating a large number of peripheral devices (card readers, tickets printer, coin acceptors, etc.) without having to redisgn large pieces which gives this model great versatility and increases the applications field.

The Spin Model can be equipped with a Atom CPU with a 160 GB hard drive, 1 Gb Ram Memory, a 128Mb graphic card and a 10/100 mb ethernet, and Windows 7 Starter.

This kiosk can be produced with glass protection (top and 2 laterals) for outdoor enviroments.

With glass protection

OPTIONAL: KIOSK TOP ROTATION
