Sober with Rounded Lines

High Design and Funcionality

The DEKOR model was developed for indoors use to work as stand up kiosk.

This model can be manufactured in stainless steel or painted steel (available in all RAL colours) using steel plate of 1,5mm to 2,5mm which ensures the stability and rigidity of the all structure.

This DEKOR model is normally equipped with a tactile monitor and can be delivered with a anti vandalism keyboard with trackball, card reader, webcam, coin acceptor, tickets printer, handset phone and other peripherals.This model can be equipped with a anti vandalic monitor.

The area where the computer is installed and possible peripherals (card readers, coin acceptors, etc.), is protected with access through a security lock and includes three power plugs.

The DEKOR Model is normally equipped with a 17" XGA touch display (19", 22" or other sizes are possible).

On the side of the monitor are two speakers and the kiosk has 2 independent systems of ventilation, one for the monitor and other for the PC.

DEKOR can be equipped with computers with diferent "performances" (CPU) with hard drives from 100 to 320 GB, 4 Gb Ram Memory, 128mb graphics card expandable to 512, 10/100 mb ethernet, and Windows 7 or 10. This kiosk can also be equipped with computers with other OS like Linux, etc...

Interactive Technology

Touch the sky

DEKOR was developed to allow integration of any type of touchscreen technology, thus creating an interactive device for indoor or outdoor.

OEMKIOSKS unique experience in the field of interactive technologies, Allows Them to be integrated in DEKOR effectively and professionally.

In outdoor kiosks, Procap technology may be integrated into DEKOR, Thus Allowing the touch to be Performed on glass surface, giving DEKOR extreme security against vandalism.

Multi**touch**

Widest touch technologies can be used, each optimized for different operating characteristics and environments to suit application requirements of customers, like Surface Acoustic Wave (SAW), Capacitive, Infrared, Optical Imaging and Projected Capacitive (ProCap), etc.

DEKOR interactive is available from 17'' to 22'', from single touch to 40 independent touches, and with finger, gloved hand & pointer inputs.
