INFORMATION

# QUARTZ DISPENSER

Industrialize your Dreams!

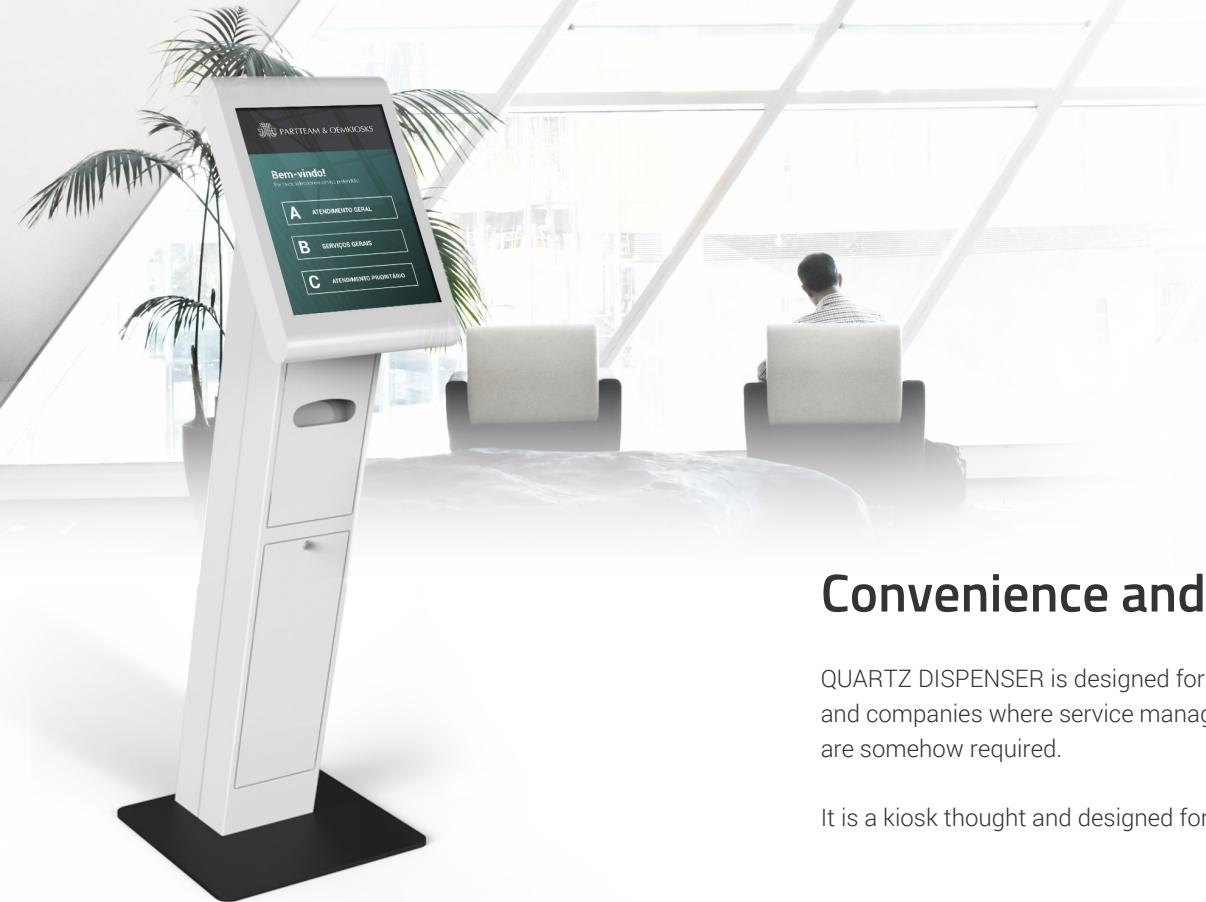

Made in Portugal

## **Multimedia Kiosks and Digital Billboards are developed and produced in Portugal.**

The success of our company in the international market shows us that we have developed and produced excellent products and we should therefore be proud and confident in the future.

**Patented Product / Design**

## Convenience and modernism

QUARTZ DISPENSER is designed for public service institutions and companies where service management or waiting lines are somehow required.

It is a kiosk thought and designed for indoor use.

# Personalization without limits!

Customizable layout

Wi-fi

Sound column

ID card reader

Ticket Printer

Available in any RAL color

We constantly develop projects that meet the needs of our customers, with various customization options at the technical or visual level.

QUARTZ DISPENSER can be made of stainless steel or lacquered steel using a thin steel plate that guarantees the stability and rigidity of the structure.

# Quartz Dispenser

The most effective way to find  
your way!

**Modern and  
contemporary**  
**Unimpeded functionality!**

# Interactive technology

QUARTZ DISPENSER is designed to allow the integration of any touchscreen. PARTTEAM & OEMKIOSKS' experience in this field ensures its high performance and reliability.

QUARTZ is available with a one-touch solution or up to 40 independent touches, with the possibility of finger, glove or pointer interaction.

Touches

## Functional and instant!

QUARTZ DISPENSER presents, through the touchscreen system, or optionally buttons, the various services available to the customer.

With the integration of a queue management and answering software, after selecting the service, the kiosk prints an informative ticket with ticket number and estimated waiting time. It also allows the sending of SMS notifications, alerting the user to your call.
